

Climate summary books:

Three books to consider:

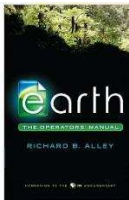

1. Simple succinct Summary:

What We Know About Climate Change (Boston Review Books) by Kerry Emanuel (Nov 30, 2012)

2. Intermediate Level Book:

Earth: The Operators' Manual by [Richard B. Alley](#) (Apr 18, 2011)

<http://earththeoperatorsmanual.com/>

3. More comprehensive book:

Experimenting on a Small Planet: A Scholarly Entertainment by [William W. Hay](#) (Dec 14, 2012):
